## ARMSTRONG-TURNEY

FRED ARMSTRONG AND MISS GRACE TURNEY WEDDED TUESDAY NIGHT

Fred A. Armstrong and Miss Della Grace Turney were married Tuesday night, at 8 o'clock, at the home of the groom's parents, J. M. Armstrong and wife of 414 North Maryland avenue, Rev. W. E. Edmonds performing the ceremony. It was a real home wedding, with only relatives as guests. These were: Miss Flossie Turney, sister of the bride, C. M. Armstrong of King City, brother of the groom, with his wife and daughter Margery; Mr. and Mrs. W. E. McCormick of Glendale, brother-in-law and sister of the groom, with their three children, Fred, Helen and May Ellen.

The Armstrong home was decorated with pink and white carnations and asters, and ferns. The bride's dress was a lavender crepe de chine with Georgette waist and she wore a corsage bouquet of roses. Refreshments of ice cream and cake were served after the ceremony and at 10 o'clock the young couple left for a short wedding trip to San Francisco. They will make their home with the groom's parents until they can build one for themselves.

The groom is a civil engineer and is employed by the S. P. on bridge building. He served a stern apprenticeship of 18 months at his trade while a member of the 117th Engineers' Rainbow Division, and was under the hottest kind of fire many times, at St. Mihiel, in the Argonne, along the Meuse and in many other engagements.

The bride is an orphan and she and her sister have been making their home together in Los Angeles since their parents died.

## JOINT BIRTHDAY CELEBRATION

Mrs. Andrew P. Findlay of 506 East Harvard street will celebrate her birthday Saturday in the same way that she has observed it for the past ten years by entertaining at dinner Mr. and Mrs. Ralph Brown and two children who have recently come from Monrovia to locate in Glendale. Mrs. Findlay and Mrs. Brown have the same natal day though their years are not the same, and a decade of such celebrations have made them close friends.

## FUNERAL OF JOHN L. MORRIS

Funeral services for John L. Morris, who passed away Tuesday morning, will be held Saturday afternoon at 2 p. m. at the parlors of the Jewel City Undertaking Company and interment will take place in Forest Lawn Memorial Park. The services have been delayed pending the coming of three sons of deceased who arrived Wednesday night, viz: Mason W. and Hugh Morris of Taft, and Clifford J. Morris of Bisbee, Ariz. Two daughters surviving are Mrs. C. R. Norton of Glendale and Mrs. S. E. Anderson of Glendora.

## RETURN FROM MOTOR TRIP

H. S. Webb, of H. S. Webb & Co., has just returned from a delightful motor trip which included Laguna Beach, San Diego and Tia Juana. He was accompanied by his mother, Mrs. F. A. Webb, his sister, Mrs. Helen Sawyer, and Henry and Barbara Sawyer and Miss Lorraine Mitchell. Some time was spent at Mrs. Sawyer's summer home at Laguna. The party enjoyed the novelty of crossing the border into Mexico especially since they were among the last of the pleasure seekers who were allowed to do so. Mr. Webb highly complimented his sales force by stating that he did not think of his business during his absence knowing that it was perfectly organized and would move along smoothly without him.

## VAN DE WATER

CANDIDATE FOR CONGRESS IN NINTH DISTRICT VISITS GLENDALE

Charles F. Van De Water, Republican candidate for Congress from the Ninth District, was in Glendale Wednesday looking over the political situation. Mr. Van De Water is a Long Beach banker, a Trustee of the First Methodist Church of that city and a business man well known and respected in his home city, his supporters claim. Mr. Van De Water says that he believes in an honest tariff to protect the citrus and other industries of the district and that he is an ardent supporter of the dry laws of the state and nation.

## AUTO ACCIDENT

MRS. M. L. WEAVER INJURED WHEN AUTO TURNS TURTLE PINNING HER BENEATH IT

Mrs. M. L. Weaver of 145 North Kenwood, who is recovering from the effects of quite a serious auto accident last Friday, is confined to her bed and under the care of a physician, but the indications are that her injuries will not permanently cripple her.

She and Mr. Weaver were returning from the Nebraska picnic at Long Beach when suddenly, without warning and from some cause unknown, their machine turned turtle. Mr. Weaver was thrown clear of the car, but Mrs. Weaver was pinned beneath it. One foot was lacerated, requiring several stitches, her left knee was injured and she sustained many painful bruises. Mr. Weaver was not seriously hurt. The accident occurred about four miles the other side of Huntington Park and Mrs. Weaver was taken to the Huntington Park Hospital where she received first aid, but was brought home Sunday.

## VISITING IN EAST

J. E. PETERS AND WIFE ENJOY TRIP THROUGH ILLINOIS, INDIANA

J. E. Peters and wife of 209 N. Orange, who left on July 26th for a visit to relatives and friends in the East, write home that they are enjoying every minute of the trip, despite the hot weather. Their first stop was at Liberty, Ill., where they spent two days with Capt. Elmer Mercer and family, old friends who had visited them in Glendale when Capt. Mercer was stationed at Arcadia during the war. There they went to Bloomington, Ill., to spend a few days with Rev. Harry H. Peters, J. E.'s brother. From there they went to Indianapolis, where his mother and some of his brothers and sisters live. They arrived in Indiana's capital last Sunday, and will leave there the first of the week for Evansville, Ind., then go to Mt. Carmel, Ill., where both Mr. and Mrs. Peters were born and raised. On their way home they will stop in Tulsa, Okla., where a brother of Mrs. Peters lives.

## PREMIER ACE COMES

"EDDIE" RICKENBACKER ARRIVES IN ALL-METAL MAIL AEROPLANE

"Eddie" Rickenbacker, America's premier ace in the World War, arrived in Los Angeles Tuesday about 4 p. m. in one of the new all-metal aeroplanes that are destined, it is confidently claimed, to make air travel much safer. There were two of the planes, both being under Rickenbacker's supervision during the ten days' leisurely run from New York, mapping out a route for transcontinental mail service. The big machines performed very creditably, making it evident that the plan for a quick mail service by air from coast to coast is entirely feasible. Glendale people and the Elks in particular are interested in the arrival of this small fleet, since Rickenbacker's initiation as a member of Elks' Lodge No. 99 of Los Angeles was held in the lodge rooms of Glendale 1289.

## GLENDALE GROWS

REGISTRATION OF VOTERS INDICATES 20,000 POPULATION

City Clerk J. C. Sherer has just finished compiling the list of registered voters in Glendale city. The number is 6440, male and female. Counting the voting population as two-fifths of the total, as is usual, gives Glendale a population of 16,100. But as usually not more than two-thirds of those entitled to vote avail themselves of the privilege of registering, and many late comers are not eligible as voters, it is probable that there are at least 8,000 men and women of voting age now residents of the city, which would mean a population of fully 20,000. These figures, Mr. Sherer says, are for Glendale proper, Casa Verdugo and other outlying districts not being counted. Of course, the 1920 census, which was completed on March 31st, will not give anywhere near this number, as the increase since that time has been very heavy.

## POLISH SITUATION ACUTE

DIFFERENCES BETWEEN ENGLAND AND FRANCE COMPLICATE SETTLEMENT PROBLEMS

(Special Service to Glendale Evening News)

PARIS, Aug. 12.—Premier Millerand informed the Cabinet that the British message advising Poland to accept the Bolshevik peace terms violated the result of the agreement reached by the Hythe conference. Official circles today admitted the recognition of General Wrangle followed this statement to the Cabinet.

Differences between France and England should not prevent the co-operation of these countries pending an adjustment of the differences, the foreign office believed.

WARSAW, Aug. 12.—"Poland must defend itself to the end, spurning any Bolshevik offers of a dishonorable peace," the Council of Defense declared in a manifesto issued on the eve of the armistice conference at Minsk.

Columns of armed women marched through the streets of Warsaw today announcing they would fight the Russians to the death. Some had revolvers, others carried rifles and sabres. Many old men and youths have gone to the defenses being established before the city.

## FRANCE AND ENGLAND DIFFER

FRENCH RECOGNITION OF GENERAL WRANGLE PLACES LLOYD GEORGE IN AWKWARD POSITION

(Special Service to Glendale Evening News)

LONDON, Aug. 12.—France today officially notified Premier Lloyd George that she had recognized General Wrangle's anti-Bolshevik regime in Southern Russia.

France's action is in direct conflict with the agreement reached by Premiers at the Hythe conference, it was stated here. Recognition of General Wrangle by France has maneuvered Lloyd George into a position where he must also recognize Wrangle or the solid front hitherto presented by the principal Allies to the Soviet, will be broken.

Advices from Crimea today said the Wrangle offensive is attaining large proportions. That "Red" troops may have to be withdrawn from the Warsaw front to meet the Wrangle advance, was believed here.

A Warsaw dispatch today said the Polish delegates started for Minsk last night.

## MEXICAN SITUATION

FIGHTING BETWEEN FEDERAL FORCES AND LOWER CALIFORNIA TROOPS EXPECTED SOON

(Special Service to Glendale Evening News)

LOS ANGELES, Aug. 12.—Reports from border and Ensenada today indicated that fighting between Lower California troops and Mexican Federal forces might be expected before the end of the week.

Federal expeditions are reported to have left Mazatlan and are due Saturday at Ensenada.

Federal immigration officers today closed Tia Juana to Americans, excepting those having legitimate business in Mexico, in accordance with orders from Washington.

## U. S. TO BE NEUTRAL

WILL REFRAIN FOR PRESENT FROM TAKING SIDES IN DIFFERENCES BETWEEN FRANCE AND ENGLAND

(Special Service to Glendale Evening News)

WASHINGTON, Aug. 12.—The United States will refrain "for the present," from "taking sides" in the differences between France and England over Russia, it was said at the State Department today.

## EXPRESS RATE INCREASE

AMERICAN RAILWAY EXPRESS CO. ASKS COMMERCE COMMISSION FOR HIGHER RATES

(Special Service to Glendale Evening News)

WASHINGTON, Aug. 12.—The American Railway Express Company today made application to the Interstate Commerce Commission for an increase in rates to cover the wage increases granted employes recently.

## ARCHBISHOP MANNIX DEFIANT

DECLARES HE IS DETERMINED TO VISIT IRELAND IN SPITE OF BRITISH ORDERS

(Special Service to Glendale Evening News)

LONDON, Aug. 12.—Archbishop Mannix today told a United Press representative that he was determined to visit Ireland in defiance of British orders.

The prelate refused to divulge when or how he expected to elude Scotland Yard detectives guarding him.

## WATER FACILITIES

ED LYNCH TELLS OF DEVELOPMENT WORK IN TEJUNGA DISTRICT

In reviewing the work he has been superintending in connection with the Tejunga water system, Mr. Lynch enumerated accomplishments as follows: "We have installed two reservoirs, have purchased one new large pump, moved the present pump so as to give plenty of water over the whole tract and installed the necessary pipe lines. The work is all completed now except the pump which is being moved. That will not be in operation for a couple of days. The rest of the work is in operation."

"This district has always had plenty of water. Its difficulty has been a lack of development and of distributing facilities. This work will give an ample supply of water to the district for all time even though it should be built up solidly. There are many citrus and deciduous orchards in the district and large grape vineyards. The citrus growers will especially appreciate the increased water supply."

Mr. Lynch also spoke of water development at Beaumont, of which he is the city engineer. The city attorney has just been instructed to issue a call for a bond election to secure funds for the purchase of private water systems now operating there and for water development and improvements to provide an up-to-date municipal system. It will mean much to the development of the district if the bonds carry, Mr. Lynch says.

## HOME FROM NORTH

MR. AND MRS. W. E. EVANS ENTHUSIASTIC OVER WONDERFUL AUTO TRIP

Mr. and Mrs. W. E. Evans and little daughter Katherine who motored north the first of July got back to Southern California Thursday and spent the week-end with relatives at Hermosa Beach, returning to their home on Orange Monday.

Mrs. Evans reports a wonderful tour, which took them by way of the Sacramento Valley where temperatures ran high, reaching 110 in some places. Their first objective after leaving the valley was Portland and from there they drove inland to the Yakima Valley where they found the harvesting of the cherry crop in full swing and a fine peach crop in prospect. They crossed the Cascade Mountains on their way to Seattle and from there went by boat to British Columbia, visiting Victoria, the capital. Their return to the United States was by way of Ranier National Park where little Katherine handled snow for the first time and where they viewed Nisqually Glacier, at the 5500-foot level. They climbed to the 7000-foot level and though the glacier was snow-

## BUILDING HOMES

The Rommel Construction Company consisting of H. E. Rommel and his father, John Rommel, have established an office at 103-A South Brand boulevard. This firm now has eight new homes under construction in Glendale, most of them in the Bellehurst Tract recently opened by the Glendale Realty Company. Nine more are to be started immediately. They are finding it difficult to secure all the workmen they need although they are paying the wages that labor demands. H. E. Rommel says. The slogan of the Rommel Company is "Another Rommel Home."

## STORY HOUR AT LIBRARY

The "Story Hour" at the City Library Tuesday forenoon was of unusual interest to the eager young people who gathered to hear it. The subject was "Poets and Writers of America." Pictures of many of the most prominent authors and poets, and views of their homes, were shown. The story of Longfellow's wonderful poem, "King Robert of Sicily," was told by Miss Brown. This same program will be given tomorrow at the Branch Library.

Work on paving the short-line highway between Glendale and Los Angeles by way of Ivanhoe bridge, Silver Lake and Lake Shore avenue is being pushed rapidly. Deep cuts have been made through the hills and fills made in the valleys so that the new road will have no unusual grades. This route shortens the distance between Glendale and the business district of Los Angeles about a mile and a half.

## ADULTS ONLY

FAMILIAR CONDITION IN "FOR RENT" ADS WORKS HARD-SHIP OFTEN

It is a complaint very often heard by people seeking rental accommodations in Glendale and in other localities as well, that almost no one having houses or apartments to let will admit children. This is considered a great hardship and it undoubtedly is. Some people having children and who have been rebuffed on that account have said very bitterly: "They must expect us to kill off our children if we want to rent a place in Glendale, or elsewhere." But the blame does not all rest on one side, by any means. Many parents give their children so little training that they are very destructive to rented property and landlords cannot tell the ill-behaved from the well-behaved, hence the innocent have to suffer with the guilty. With the unprecedented demand now for places to let, owners feel that they can pick the most desirable tenants, those who are childless, hence families with children are in most cases forced to buy if they would locate.

## ANOTHER DAYLIGHT BURGLARY

Mrs. H. Blumenthal of 722 North Central avenue reports to the police that she left her home at 9:30 yesterday morning and returned at 12:30, when she found that the house had been ransacked all over. Investigation showed that a wrist watch, an Elgin gold watch, a portable sewing machine and motor, a vacuum cleaner and \$5.00 in money had been taken.

## GLENDALE MAKES GOOD IMPRESSION

Mr. and Mrs. John J. Walter of 130 Arden avenue are looking forward to the arrival soon of Mr. Walter's sister and husband, Mr. and Mrs. Fred Sichter and two daughters from Philadelphia. They intend to make a home in Southern California and Mr. and Mrs. Walters are hoping it will be in Glendale. The son of the house, Captain Walter Sichter is here now, looking around, and is much pleased with our city.

## HOME AGAIN

MRS. PEARL ADAMS DRESSLER GREETED OLD FRIENDS AT PRESBYTERIAN CHURCH

Following the prayer meeting at the Glendale Presbyterian Church Wednesday evening was a social hour and reception for Mr. and Mrs. Dressler, recently returned from service in the mission field in India. Mrs. Dressler grew to womanhood as a member of the church and has a large circle of friends connected with it who came out to welcome her. When she left here four years ago her parents, Mr. and Mrs. Frank Adams, were residents of this city, but during the absence of his daughter Mr. Adams passed away and his widow now lives in Los Angeles, which does not seem home to Mrs. Dressler.

Dr. Edmonds made a brief address of welcome to which Mrs. Dressler responded, telling something of the work that she and Mr. Dressler have been doing in India. She then received the greetings of her friends and light refreshments were served by the committee, of which Mrs. J. J. Davis was chairman.

## PERMITS \$302,970

REVISED LIST GIVES ABOVE TOTAL FOR JULY BUILDING

Through an error in making up the list of building permits for July by the reporter in charge of this work, the total was given at a much lower figure than it really was. The number of permits issued was 151 and the total was \$302,970, larger by over \$20,000 than the highest previous total, that of March, 1920.

Residences omitted from the list in our report on August 2d were those of A. H. Dibbern, 612 North Orange, 6 rooms, \$5800; T. Martin, 354 West Wilson avenue, 5 rooms, \$4500; G. W. Rogers, 1105 East Broadway, 4 rooms, 1500, and three 5-room houses for Contractor H. A. Michel. H. S. Cobb's 3-room residence at 414 West Park avenue, \$2,000, was credited to H. S. Cable and Hal Davenport's 5-room residence at 1220 South Brand to H. H. Davis.

## CONFERENCE ENDS

GLENDALE WELL REPRESENTED AT WEEK'S SESSIONS AT OCCIDENTAL

The conference which has been held during the past week at Occidental closed Wednesday night. It was practically a school of methods of the Presbyterian Church and was attended by 250 to 300 of a presbytery covering practically all of Southern California. From the Glendale Presbyterian Church went as delegates Misses Phyllis and Maurine Baker, Inez Harrison, Elizabeth Edmonds, Martha Eilers, Mary McDill, Mildred Elliott, Ella Dockter, Margery Smith, Mrs. Roy King, Fred Hoffman and a few others besides the transient attendants.

The mornings were given to study of methods in Sunday School, Christian Endeavor, and devotional work, the evenings to inspirational addresses by Dr. Hall and Mrs. Barr of New York, Dr. Lapsley McAfee of Berkeley and other prominent speakers, and the afternoons to recreational picnics, excursions, ball games, etc. Certificates were bestowed upon those who followed the study course and took the examination. Sessions next year and the year following will complete the course and for work at that time blue and red seals will be added to the certificates.

Several members of the Tropico Presbyterian Church attended sessions but no regular delegates were sent.

Mr. and Mrs. C. W. Houston of 440 Myrtle street have been entertaining the past week Mr. Houston's mother, Mrs. M. M. Houston, of Hermosa Beach, and Mrs. M. M. Weeks of Los Angeles.

H. E. Fry of 333 West Cerritos avenue has just returned from the summer conference of Y. M. C. A. Secretaries at Asilomar. He reports very profitable sessions attended by delegates from all sections of the Pacific Coast.

Mr. and Mrs. F. J. Runyon of 337 Hawthorne street entertained at luncheon Wednesday Mrs. Neva Lyon and sister, Miss Emma Reed of Los Angeles, in honor of their daughter, Miss Edna, who soon leaves for Knoxville, Illinois, where she is employed as a teacher.

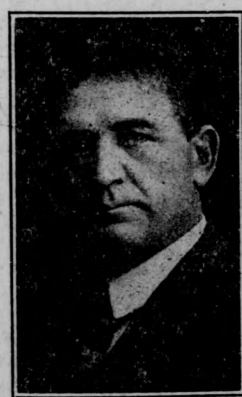

Mrs. Walcott of Dallas, Tex., who has been spending the summer in Los Angeles and Catalina, was a dinner guest Wednesday evening of her cousin and his wife, Mr. and Mrs. Herbert Howeth of 329 North Orange. She expects to return to Texas the first of September.

Miss Clara Hutton of 326 East Colorado street reports that her sister-in-law, Mrs. Hutton, is now in Washington, Ill., visiting a brother and having a very good time. She writes that people there are much excited over the exaggerated accounts of the California earthquakes and are advising her to return to Illinois to live because her life isn't safe here. Persons thinking of going to California have been advised not to go. Mrs. Hutton is quite indignant over the misrepresentations.

Mr. and Mrs. T. J. Crampton of 325 Burchett have just returned from a fortnight's outing at Camp Baldy where they had a very pleasant sojourn. They report the water in the stream unusually abundant. Their friends, Mr. and Mrs. T. P. Isitt, of Omaha, Nebraska, who have been spending the past month in Southern California visiting friends and relatives and sight-seeing, left the latter part of the week and will make a leisurely return stopping in Denver, Kansas City and other cities. They were not at all alarmed by the earthquakes and were so much delighted with California they plan to return next year.

It might help in this freight car shortage if Mr. Burleson would let us have back the ones he appears to be using in the mail service.

More room is needed at once at the High School. Vote for the bonds August 16th.

## HONOR BRIDE-TO-BE

MISS LENA MAE BRICE GIVEN SHOWER AT MISS ADDISON'S

Miss Lena Mae Brice, who is soon to become the bride of Clark T. Christy, was very happily surprised last evening. She was invited to Miss Marian Addison's home to accompany Miss Addison and a few other friends to the theater. Instead of a few friends she found Miss Addison's home filled with many of her friends. After a jolly greeting, music was enjoyed. Cards and pencils were then given each guest and they were asked to write in three minutes a list of articles a bride should take on her honeymoon trip. The cards were then exchanged among the guests and read aloud, which caused much merriment. Miss Margaret Lusby, by writing the most articles, won the first prize, which was a beautiful box of candy. The booby prize was won by Miss Myrtle Knapp. It was a tiny doll. A large clothes basket was then brought in and placed at the feet of the bride-to-be. She was told that it contained love and best wishes. Surprised and happy Miss Brice untied each gift and read aloud the written expressions for this happily little bride-to-be's future. There were many useful and beautiful gifts. Refreshments of pineapple sherbet and cake were served.

Those present were: Misses Helena Swartz, Thelma Gilbert, Margaret and Alice Holmes, Margaret Lusby, Waunita Emery, Helen Reynolds, F. Goff, Olive Bell and Josephine Emery, Doris Inglede, Myrtle Knapp, Edith Addison, Ruth Morton and Eleanor Brice; Mesdames S. Wallace Christy, Dean D. Dodd, Jack Bailey Wagon, William F. Knox, T. H. Addison and C. P. Brice; also the hostess, Miss Marian Addison, and the honoree, Miss Lena Mae Brice.

Vote for the \$60,000 bonds for High School Monday. More class rooms are needed at the High School at once.

## UNPARDONABLE SIN

THIS EVANGELIST PROUT'S SUB-  
JECT SUNDAY NIGHT OF  
TENT MEETING

The closing service at the Gospel Tent Sunday evening attracted a splendid audience, keenly interested, as Evangelist C. S. Prout introduced the soul-stirring subject, "What is the Unpardonable Sin?" The preacher based his discourse upon the statement of Christ recorded in Matt. 12: 32: "All manner of sin and blasphemy against the Holy Ghost shall not be forgiven unto men."

Said the evangelist: "The incident which called forth this most solemn utterance of Christ provides the solution to this very important question. Under the power of the Holy Ghost with which He had been anointed and which wrought through Him mighty signs and wonders, to confirm His divinity, Christ had performed upon one possessed with a devil, being both blind and dumb, had been cast out, sight and speech had been cast out, sight and hearing bestowed, 'inasmuch that the blind and dumb both spake and saw.' The effect upon the people was such that they declared Christ to be the Son of David, being amazed at such a display of divine power. The religious cult of the Pharisees, however, took the extremely opposite attitude and attributed the power of the Holy Ghost to the devil. Christ met the assertion by replying: 'If Satan cast out Satan, he is divided against himself; how then shall his kingdom stand?' Then follows the statement of the text—a divine sentence—that their action in so speaking of the Holy Spirit was unpardonable."

"In the Gospel plan, provision has been made by God for all manner of sin against God, against Christ, or against our fellow creatures; but there is this sole exception. The one great agent provided for man's regeneration is the Holy Spirit. He has been sent into the world to 'convince of sin, of righteousness, and of a judgment to come.' Every conviction of wrong and of right, and of a judgment to come—yea—every desire for right, every impulse against wrong—every restraint upon evil, be it social, moral or political, among men, is produced by the Holy Spirit. The world would soon go to destruction were its influence removed, for it would then pass under the absolute control of demons. That there is a time coming when this restraining power shall be withdrawn, the Scripture plainly indicates, and while not claiming to be a prophet, I venture to assert that we are rapidly entering upon such a time. Men will then be left to themselves, and we shall see what sin is in its fullest manifestation. But such a condition will be preceded by a fuller and more glorious demonstration of God's Spirit working mighty miracles, and producing such transformation of character in those who yield to its workings as to cause angels to marvel at the grace and love of God. The prophecy of Joel assures us of a Pentecost of greater magnitude than the experience in apostolic days. Joel 2: 28-32. Peter assures us that just prior to the second advent there 'shall be times of refreshing from the presence of the Lord.' Acts 3: 19. Whosoever will may call upon the Lord, and be saved. With mighty movings will the Spirit of God bring conviction of sin, and awaken a longing for salvation in all who will permit it so to work. When that period closes, the harvest of the earth is ripened. Conviction will no longer come to men that they may sense their lost condition. In an hour, unexpected, the probation of all will close."

The case of King Saul was cited as an example of how men can sin away the possibility of salvation. By a constant persistence in disregarding the voice of God in deference to his own and the wishes of the people, this mighty warrior king forfeited his throne, his life, and the hope of immortal glory in the Kingdom of God. When the voice of God no longer spoke to him, he had resort to the spirits. He turned to the devil, and swiftly came his destruction. 1 Sam. 15: 22, 23.

"The cases of Ananias and Sapphira in the New Testament stand on record as an awful warning against this specific sin. Persisting in an evil course, they became so callous in heart, that they lied by mutual consent and without compunction in the presence of the Holy Spirit as then manifested. They committed the unpardonable sin. Likewise many today are by resistance, rejection and disobedience so searing their consciences, and hardening their hearts, that the warnings given of God are lost to them eventually. The lost are those who would not be saved—they have rejected the only means of their salvation, attributing to the evil one that which is of God."

For seven weeks, Evangelist Prout has held the interest of a large number of the people of Glendale in this series of Bible themes, and in closing he expressed himself as being exceedingly grateful for the continued good attendance, the complete absence of any disturbance, the kindness shown, and also the liberal support given towards the expense of the mission. He heartily thanked the congregation and announced that the meetings would be continued in the Seventh-day Adventist church,

## HOME FROM NORTH

covered the air was so mild they felt no chill. On the trails the snow was so hard that trains of pack mules could traverse it without breaking through. They could see Mount Hood, Mount St. Helena and Mount Adams also covered with snow and the sources of the water supplying northern rivers. Nisqually was the first glacier any of the party had ever seen. It is constantly moving and the sound of the grinding, breaking ice at night was like thunder. On the face of the mountain are many waterfalls whose waters feed the streams of Oregon. From Ranier they returned to Portland and drove through Oregon, but instead of taking the Sacramento Valley route crossed the boundary to Crescent City, Cal., which is just a lumber port not reached by either railroads or passenger boats. There they spent a night at a comfortable hotel run by a Mr. Lee who once lived in Glendale and sold out the Verdugo Canyon lots. From there they came down the coast traveling for three days through giant redwoods like those to be seen in the Sequoia National Park. On one side was the ocean, on the other the forest and so cool was it they found wraps a comfort.

The deer season had just opened when they reached Mendocino county and there they ran across many successful hunters, counting eight slain deer besides three brought back on the ferry on which they crossed. They had excellent luck with their machine and though they paid high prices for gasoline several times, were never delayed for lack of it. They were dinner guests in the home of Mr. and Mrs. Lawrence Ellis in Seattle and also met Mr. and Mrs. J. W. Moren who spent last winter in Glendale.

Some slight excitement was afforded by two forest fires they ran into, but which did not amount to much. Since then more serious fires have been reported near Shasta.

Like other travelers Mrs. Evans says when they left California they left good roads behind. While some road building is being done in Oregon, their pavements as a rule extend but a short distance beyond the cities; there are no long, continuous stretches of highway. Mrs. Evans is boosting for a state-built highway through the Redwood country along the coast, where the scenery is wonderfully fine and where the ocean affords such an outlet for lumber that there is not a local incentive to build highways.

### MORE TROUBLE IN MEXICO

Such developments as those that have occurred during the last few days in Mexico leave one no alternative but to take a cynical attitude toward affairs in that unfortunate country. On the heels of announcement that Villa, the bandit, has promised, for a pension, to make no more trouble for the Huerta government, comes news that Governor Cantu of Lower California is recruiting an army to resist "invasion" of his state by the federal forces. Kaleidoscopic changes in Mexican affairs are bewildering. How strange that on one side of an imaginary line law and order and respect for authority prevail, while on the other lawlessness and revolution are always rampant.

### THE RAILROAD PROBLEM

The ultimate effect of the wage award and the increased freight and passenger rates granted, will not be felt for some time yet, but it cannot be otherwise than to again raise the level of prices. Unless other factors operate to bring prices down again, the situation will be as bad as before. If the downward tendency observable in some lines becomes general, no further upward readjustments will need to be made.

### COAL SHORTAGE PREDICTED

The hand to mouth methods used in the production of coal threatens a serious shortage throughout the East next winter. Nothing short of an entire revolution of method in mining and marketing will insure against recurrences of such trouble. Mines should be operated full blast in summer and the product stored at convenient points, instead of mining coal just as it is needed and shutting down whenever there is a blockade or shortage of cars.
